The screenshot displays the 'HP LaserJet Copier' window with two distinct copy job configurations. The top configuration is for an 'HP 2000C Printer' and the bottom for an 'HP LaserJet 8150mfp'. Both jobs have 'Number of Copies' set to 1, 'Collation' checked, and 'Standard Sizes' selected with 'Original (100%)' chosen. The top job has 'Copy Quality' set to 'Photo'. The bottom job also has 'Copy Quality' set to 'Photo'. Both jobs have 'I want to copy to another printer...' checked. The bottom job has additional options: 'Collate', 'Staple', 'Bind', 'Photo', 'Fold', 'Stitch', 'Trim', 'Edge', and 'Paginate' all checked. The bottom job also has 'Copy in Color' selected. The bottom job has a 'Start Copy' button highlighted.
